

## Magical Nature Walk: Discovery Checklist

- Find a Leaf of Every Color - Red, yellow, green, brown—how many colors can you spot?
- Listen to the Sounds of Nature - Can you hear birds, wind, insects, or rustling leaves?
- Touch and Describe - Find something rough, smooth, soft, or bumpy. Describe it together!
- Search for Shapes in the Clouds - What animals or objects can your child imagine in the sky?
- Look Under a Rock or Log - Carefully lift it—what tiny creatures live underneath?
- Smell Something Natural - A flower, a pinecone, or fresh-cut grass—what does nature smell like today?
- Collect Nature Treasures - Gather leaves, pebbles, feathers, or twigs for a treasure bag.
- Tell a Story About Something You See - Make up a magical tale about a tree, a bug, or a hidden fairy path.
- Play 'I Spy' with Nature - 'I spy with my little eye... something that grows!' Who finds it first?
- Close Your Eyes and Feel the Air - Is it warm, cool, breezy? What does it feel like to just be still?
